Barton under Needwood  
Staffordshire  
DE13 8AZ

Dear Mike

Thank you for taking the time to meet with me, it was good to receive an update on your proposals for the new 2 form entry primary school at Tatenhill. I appreciate you keeping us informed; education provision is extremely important to our purchasers.

We know that our purchasers have a very high regard for the John Taylor High School and that they very much value being within the catchment area of the school. This was confirmed by our recent developments at Kings Bromley and Postern Road.

If your application was to be successful, I believe that it would have a significant positive impact on our residential development scheme at Branston Locks and be a very attractive proposition for potential purchasers. The reputation of the John Taylor Academy is excellent.

We have not been approached or contacted by any other organisation in regard to the new school.

I wish you and your team every success in the process. Please keep in touch.

Yours sincerely

**Ian Burns**
