

Dear Mr Donoghue

Nurton Developments (Quintus) Ltd (NDQL), which Nurton Developments is a 50% shareholder of, is the landowner of the whole of the Branston Locks development which includes the site for the proposed new Primary School of up to 3fe accessed off Branston Road, Burton-upon-Trent near Tatenhill.

Once complete this scheme will provide c.2,500 homes and 1 million sq ft of employment related development together with a local centre of over 50,000 sq ft including food & other retail as well as provision for the elderly and a primary school of up to 3 forms of entry.

On behalf of NDQL I am writing to confirm to you that we fully support and endorse John Taylor Multi-Academy Trust's application to become the sponsor of the primary school. In addition we are aware that the residential developers with whom we are currently in detailed discussions to deliver houses on the site close to the location for the new school are similarly supportive.

Yours sincerely

**Rupert.J.Young**
